

ABOUT US

At ModelPD, we take pride in our distinction as an original equipment manufacturer (OEM) rather than merely an upfitting company. Our comprehensive, one-stop solution supports your agency throughout the entire process, from initial acquisition and design to complete build-out, delivery, and ongoing support.

ALL ELECTRIC. DESIGNED FOR DUTY.

The MODEL PD is the first all electric duty ready police vehicle. The MODEL PD has been engineered for performance and safety. Built on the Tesla model Y platform, the MODEL PD has superior acceleration, expanded cargo space and unprecedented fuel economy making MODEL PD the future of policing.
